

### Directions for sending a Medal of Honor Recipient a card or letter

- 1) Once the card or letter is ready to be mailed, place it in a pre-stamped envelope. Write the Recipient's name in the center of this envelope, but do not include an address. We will do that for you!
- 2) Insert the envelope with the card or letter into a **larger envelope** with the Congressional Medal of Honor Society's address on it (see below for mailing address).
- 3) Place a stamp on the larger envelope and be sure to include your return address.
- 4) Mail the package to us and we will send the card or letter to the Recipient. Note -- in order to ensure the Recipient receives the package, you must put adequate postage on **both** envelopes.
